

Animal Behavior and Training

Larimer Humane Society strongly supports dog training classes as a fun and affirmative bonding opportunity for you and your pet. Our Behavior and Enrichment program offers toys, positive mental stimulation, basic training and a calming environment to the adoptable animals waiting for new homes. Keeping the animals comfortable and happy is one of the most important goals of Larimer Humane Society.

We know you

love your dog or cat and want to have a wonderful relationship.

Sometimes the behavior of dogs and cats can be challenging. In order to

help you handle many behavior problems, we provide behavior help sheets

on our website and at Larimer Humane Society. If you need additional help, please view the information below.
