

Adoption Fees and What's Included

Interested adopters may place an animal on hold for \$10.00. This non-refundable deposit may be applied to the adoption fee.

Larimer Humane Society has implemented variable adoption fees. The adoption fee for certain animals varies and is dependent on many factors including age, size, behavior, medical condition and demand. Setting higher fees for some animals enables us to maintain lower fees for other animals. Adoption fees, along with license revenue, other fees and donations from our generous supporters, enable us to continue to do life-saving work in our community.
