

LHS Link Guidelines

Larimer Humane Society receives numerous link requests and solicitations each year. Due to the number and limited space available the following guidelines must be met in order to add a new link to our Animal Related Links page.

In addition, Larimer Humane Society will remove a link at anytime as determined by the respective department director and/or our Executive Director.

Links on our website do not represent our support for any organizations unless noted under the sponsor heading. We share them with our visitors in the spirit of cooperation and education.

Guidelines:

- Larimer Humane Society has an existing partnership with the business (defined as sponsor, donor or vendor)
- Larimer Humane Society believes that the agency or organization is responsible and ethical in animal welfare and providing their link will be of educational value
- Larimer Humane Society agrees with the overall content of the website and the content does not violate any of LHS's statements of position
